Aberdeen City

STEAM Tourism Economic Impacts 2024 Year in Review Summary

The Visitor Economy of Aberdeen City

This is a summary of the annual tourism economic impact research undertaken for Visit**Aberdeen**shire for the calendar years 2019, '22, '23 and '24. Outputs in this report have been generated using the Scottish Tourism Economic Activity Model (STEAM), owned and operated by Global Tourism Solutions (UK) Ltd.

COVID-19 / STL Registration

Estimated tourism figures throughout Scotland appear to have returned to or surpassed pre-Covid estimates for the first time. In some cases, compulsory Short Term Let registration has caused changes in accommodation provision numbers, which can in turn affect STEAM estimates.
